INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Greensboro City Directory since 1903), present to subscribers and the general public, this, the 1964 edition of the Greensboro City Directory, which also includes Guilford College.

Confidence in the growth of Greensboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Greensboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Greensboro Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Greensboro, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Greensboro, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes, the listing of telephone numbers and the indication of postal zones on streets served by the Greensboro Post Office. Postal Zone numbers are incorporated in the body of the street description.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Greensboro and vicinity.

The Greensboro Out-of-Town City Directory Library

Through the courtesy of the publishers of the Greensboro City Directory, a Directory Library is maintained in the offices of the Greensboro Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

803/88

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

GREENSBORO

ONE OF THE SOUTH'S IMPORTANT DISTRIBUTION CENTERS

(Courtesy Greensboro Chamber of Commerce)

Monument to General Nathanael Greene,
Hero of the Battle of Guilford Court House

Greensboro, located in almost the geographical center of North Carolina, has long been a transportation focal point that in early years contributed much to the city's present size and position.

Because of its central location, Greensboro was placed on the main railroad lines and highways. And when airline facilities were being installed around the country in the 1920's, the city was included in the first north-south mainline service. These transportation facilities and its location were among the more important factors that have made Greensboro natural as an industrial and distribution site, both wholesale and retail.

In its early years, Greensboro became the home of several colleges and is now one of the educational centers of the nation. This, if course, has contributed much to the cultural growth so that the city is a well-rounded, progressive community.

Greensboro, known as "The Insurance Center of the South," is also the home of the world's leading textile manufacturers, a leader in education, and the location of one of the world's largest cigarette manufacturers, P. Lorillard Co.

GENERAL REVIEW

GUILFORD COUNTY--Settled chiefly between 1750 and 1770 by Ulster Scots Presbyterians, English Quakers and German Lutherans and Calvinists (German Reformed), the county was established in 1771 from parts of Orange and Rowan counties. It was named after the Earl of Guilford. Containing some 624 square miles, Guilford County in 1960 had a population of 246,520.

GREENSBORO--The county seat was chartered in 1808 and named after Gen. Nathanael Greene, American leader in the Battle of Guilford Courthouse. U. S. Census figures show steady growth: 1890-3,317; 1900-10,035; 1910-15,895; 1920-19,861; 1930-53,569; 1940-59,319; 1950-74,389; 1960-119,574. The population is 99.9% American-born with Negroes making up 25% of the total.

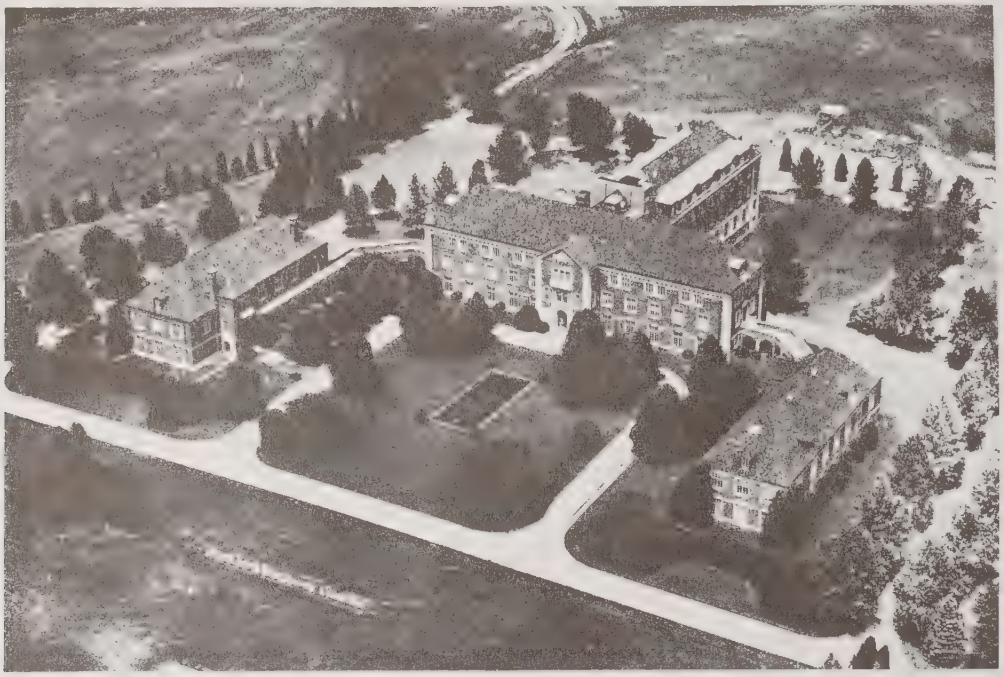
POINTS OF HISTORIC INTEREST--Guilford Courthouse National Military Park is located on the site of the Battle of Guilford Courthouse. Here Gen. Greene fought one of the final and significant battles of the Revolution in North Carolina and the losses Cornwallis suffered contributed in large part to his surrender at Yorktown several months later. Maintained as a national park, the site has an historical museum and many monuments, including Gen. Greene, Winston, Caldwell, and the famous "giant" Peter Francisco.

O. Henry, one of the most famous writers of this country, was born in Greensboro. A bronze tablet on the Masonic Temple identifies his birthplace. O. Henry exhibits are to be found in the Greensboro Historical Museum and the O. Henry Hotel.

Greensboro War Memorial Auditorium-Coliseum

Dolly Madison's Well--This site, identified by a marker near Guilford College, marks the birthplace of the wife of the fourth U. S. president.

The home and famous classical school of Dr. David Caldwell, first pastor of Buffalo and Alamance Presbyterian Churches, Guilford County's first first-citizen, minister, educator, physician and statesman, are marked by plaques on Friendly Road near their sites.



The Greensboro Historical Museum, containing many well-preserved relics from the city's past, is located on Church Street.

COMMERCE AND TRADE

Greensboro is easily accessible to a 50-mile trade area with a population of about 1,400,000. Retail sales for the area in 1963 totaled $1,376,646,000.

Greensboro is the principal market of the northern Piedmont section of the State. There are some 1,500 retail, service and professional outlets and nearly 2,000 salesmen and agents who distribute a wide variety of merchandise of a much larger territory.

The home offices of several large insurance companies, plus territorial and general agencies of many national firms, have given the city its title of the "Insurance Center of the South."

Although not the largest tobacco market in the Old Belt, Greensboro's market is growing the most rapidly of any in the section. Reactivated in 1949 after twenty-five years of inactivity, the market has increased its sales faster than any other in the Old Belt. This growth is due mainly to the excellent management and Greensboro's location in the center of one of the nation's finest tobacco-growing areas.

Greensboro Municipal Building

GOVERNMENT

Greensboro is administered by a non-partisan council of seven members elected at large who employ a full-time city manager.

Good management of the city is reflected in nationally-recognized superiority in public health administration, reduction of fire losses and low insurance rates, salability of municipal bonds, efficient police protection, well-paved streets, and modern sewerage and sanitation facilities. These and other evidences of good government have given Greensboro an atmosphere of enterprise and well-being.

Administering the affairs of Guilford County is a commission of five members elected at large. With its country manager, it is generally regarded as one of the best managed counties in the State, and is frequently pointed out as a model by the N. C. Institute of Government.

EDUCATION

Guilford County has seven institutions of higher education with about 10,502 students, 32 modern consolidated rural public schools, and 40 city public schools with an enrollment of 27,865.

University of North Carolina at Greensboro--This is the largest residence woman's college (3700 students), in the U. S. with advanced schools of music, art, dramatics, home economics, physical education, and secretarial science. Ranking high among the liberal arts colleges in America, University of North Carolina at Greensboro grants bachelor of arts and science degrees and offers graduate work. It was founded in 1891. The present Chancellor is Dr. Otis A. Singletary.

Greensboro College (Methodist-co-ed)--For a century this college, now co-educational, has been regarded highly as a liberal arts school. Courses are offered leading to bachelor degrees in music, dramatics, and cultural subjects. The president is Dr. J. Ralph Jolly. Number students enrolled—608. Value of college property--$3,855,584. Number of volumes in college library--42,000.

Guilford College (Quaker-co-ed)--This accredited liberal arts college was chartered in 1834. Dr. Clyde a Milner is president. There are 894 students.

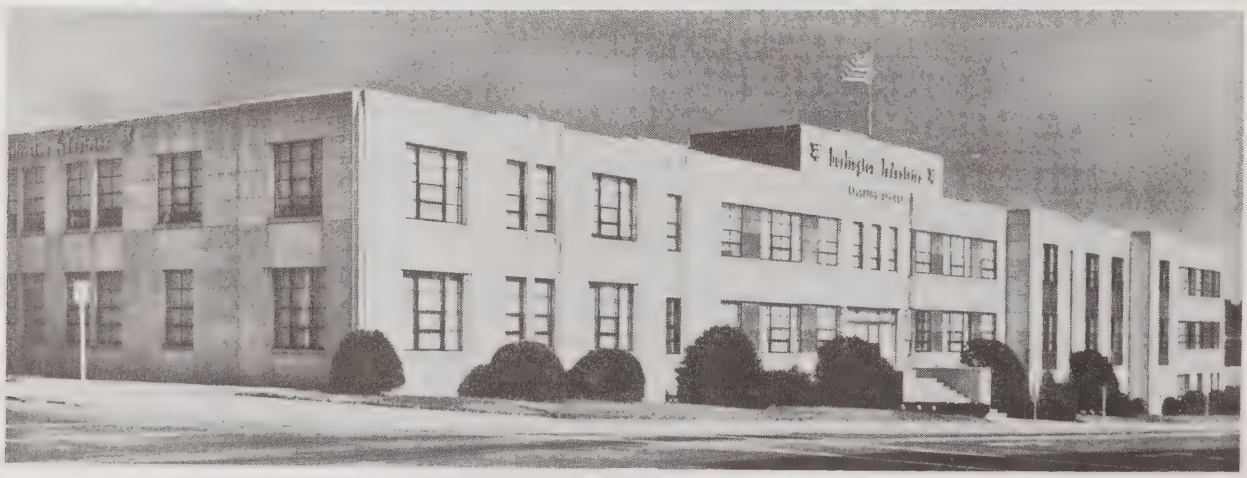
Greensboro Division of Guilford College--Organized in 1948 primarily to offer night classes to adults, the unit has now grown to more than 1,000 students. Classes are now offered (1) college graduates (2) college students (3) adults who did not attend college. A new $500,000 building was dedicated in 1959. Dr. Grady Love is the director.

High Point College (M. P.)--This institution was founded in 1924 at High Point to offer liberal arts courses leading to bachelor degrees. Dr. Wendell M. Patton, president. 1,300 students are enrolled.

Oak Ridge Military Institute (R. O. T. C.)--Founded at Oak Ridge in 1851, this boy's preparatory school with 210 boys enrolled holds a long record for highest rating by the War Department. Col. Wm. J Chandler is the commandant.

Agricultural and Technical College (N.)--Founded by the State of North Carolina in 1891, A & T is among the largest Negro colleges (3,005 students) in the U. S. Bachelor degrees are offered. Dr. L. C. Dowdy is president.

Bennett College (N.)--Liberal arts courses and bachelor and master degrees. This is the oldest (founded in 1873) of the four Negro colleges in Greensboro with 600 students; Dr. Willa B. Player is president.



Palmer Memorial Institute (N.)--This non-denominational Christian cultural school was founded in 1902. Dr. Wilhelmina M. Crosson is president with 223 students enrolled.

INDUSTRY

Of 80,000 persons employed in Greensboro, approximately 24,000 are in manufacturing industries. The annual payroll of manufacturing industries in Greensboro is about $87,000,000.

Greensboro's industrial structure is a broad one. The city has cotton, and synthetic textile mills. women's hosiery and men's hose mills; woodworking, laundry, sawmill, farm tool, machine tool, and sheet metal industries; general foundry and stove works; ornamental iron and steel fabricators; overalls, work pants, and sleeping garment plants; cigarettes; electronics equipment; fertilizer plants; belting and textile specialties factories; lumber and mill work plants; chemicals and pharmaceutical manufacturers; coffee roasting, flour and food products plants; auto body builders; ice cream and dairy products plants; printers and bookbinders; and a variety of specialty manufacturers.

Cone Mills, the largest producer of cotton denim in the world, and Burlington Industries, Inc., the largest textile manufacturers in the world, maintain their headquarters in Greensboro. Two other important Greensboro industries are Blue Bell, Inc., the largest manufacturer of overalls and work clothes in America, and Pine Hall-Pomona Corporation, the largest manufacturer of clay pipe in the South. Richardson-Merrell Inc. (formerly Vick Chemical Company) and its many products are known around the world. P. Lorillard Company operates one of the world's most modern cigarette factories in Greensboro.

Burlington Industries

Also located in Greensboro are the synthetics division headquarters of J. P. Stevens & Co., Inc., a multi-million-dollar Sears, Roebuck and Co. catalogue order plant; a folding carton plant of the Container Corp. of America; and an electronics plant of Western Electric Co.

The principal industrial advantages are climate, good living and working conditions, availability of intelligent native labor, efficient public utilities, adequate power, competitive transportation facilities, accessibility to raw materials and markets, low taxes and insurance, and good government.

TRANSPORTATION

Regular daily schedules include: 16 passenger trains, 144 buses, 44 airline flights, 14 freight trains, and 4 package cars.

Sears, Roebuck and Company Catalogue Order Plant

Greensboro is the center of rail, highway and air transportation of the northern Piedmont. It is served by the main line of Southern Railway (double track) that runs north and south, and 4 branch lines. Southern operated, providing east-west service.

Modern union passenger, mail, and express terminals are maintained with free pick-up and store delivery on LCL shipments. The REA Express has express service on practically all passenger trains. This makes available passenger train express service at railroad freight rates to all points in the State and to a large portion of Georgia, South Carolina, Tennessee, Virginia, and part of West Virginia.

More than 2,500 miles of hardsurfaced highways within a radius of fifty miles provide a means of easy access to Greensboro for the 175,000 automobile owners in the area.

Standard bus lines travel in eight directions to connect all principal cities. Atlantic Greyhound, Queen City Coach, Carolina Coach, and others operate under State regulations and clear through a union terminal.

The Greensboro-High Point-Winston-Salem Airport, a pioneer in the Southeast, serves the Northern Piedmont area. The airport is served by Eastern Airlines, United Airlines and Piedmont Airlines. In addition to paved runways, the airport also has a weather bureau, hangars, restaurant, and complete radio equipment.

Greensboro also has a large number of trucking companies with excellent warehouse facilities. The companies operate large fleets in all directions which adds further to the city's transportation facilities. This, and the density of population, make Greensboro more easily accessible to more people than any other city in the South Atlantic States.

RELIGIOUS FEATURES

The church has always been a powerful and constructive force in the life of every Guilford County neighborhood. The Quaker Meeting House at New Garden (now Guilford College) was established in 1752 and Old Buffalo Presbyterian Church organized in 1756.

Today all leading denominations are represented--Protestant, Catholic, Jewish--and maintain handsome places of worship. There is a broad religious tolerance activated by progressive ministerial associations and the Council of Protestants, Catholics and Jews.

The social life of many rural communities centers around neighborhood churches, and urban churches also have highly developed social programs.

RECREATION, SOCIAL AND CULTURAL ACTIVITIES

Greensboro is strongly sports-minded, golf being the most popular form of recreation. There are 6 golf courses--5 country clubs and one public course. Since 1938 the Junior Chamber of Commerce has been promoting the Greater Greensboro Open Golf Tournament, which has become one of the best-known tournaments on the national circuit. In 1960 and early 1961 four modern bowling establishments were built, with 100 ten pin and 44 duck pin alleys.

Greensboro boasts both a baseball team and ice hockey team. The North Carolina Coaching Clinic and All-Star Games held annually at University of North Carolina at Greensboro bring high school graduates from more than 110 communities in the State, and the North Carolina Closed Tennis Tournament has been held in Greensboro each summer since the early 1930's.

Sedgefield Inn

Nearby facilities are available for fishing, boating, swimming, and hunting of duck, quail, fox and deer. Modern country clubs at High Point, Sedgefield, Starmount and Greensboro have handsome clubhouses where many social gatherings are held: riding, fox hunting, musical programs, dancing, bridge, tennis, skeet, swimming and others.

The schools and colleges schedule continuous series of recreational and educational entertainment and athletic events throughout the school year; and over 500 clubs aid specifically in many recreational undertakings. A total of 736 acres is reserved for parks and playgrounds, and a full-time recreational director is employed to promote activity throughout the year. Plans are underway to improve in excess of 1,000 acres for park purposes.

Few sections offer greater opportunity for year-round living out-of-doors, or more varied recreational advantages. Pinehurst and Roaring Gap resorts are within two hours' drive, and the city lies between the mountain and seashore resorts.

The Greensboro Historical Association operates a city museum with a special section devoted to native William Sydney Porter. The City Recreation Department and the Junior League operate a junior museum. The U. S. Park Service maintains Guilford Battleground National Park, where a zoo is one of the features.

Commercial amusement may be found through 7 motion picture theatres and 5 drive-ins; 3 riding academies, 3 bowling alleys, and ice skating at the Auditorium/Coliseum.

The Greensboro War Memorial Coliseum was completed late in 1959. Facilities include an auditorium seating 2,439, an arena with a capacity of 9,948, as well as other meeting and exhibition areas, with provisions for closed circuit television.

With the completion of the Auditorium/Coliseum, the already busy schedule of social and cultural events was stepped up. Regular music and lecture series bring outstanding attractions to Greensboro--concert artists, symphony orchestras, plays, authors and other lecturers--now augmented by circuses, ice hockey games, New York theatricals. The University of North Carolina at Greensboro, Greensboro College, and Guilford College serve as an outlet for amateur theatricals.

The Greensboro Arts Council, Inc., organized in 1958, carries out a city-wide cultural program in both the performing and graphic arts.

THE CITY DIRECTORY

It's true . . . the News and Record publishes approximately a half-million classified ads in a year. To measure these in sheer weight of numbers is one thing . . . but by far, not the most important thing. For classified ads are more than statistics. They're the reasons behind the renewed sense of security in the job found in the Help Wanted columns; the warm, comforting feelings that come with a new house located through the Real Estate columns. Classified Ads produce the assurance gained behind the wheel of a dependable car purchased through the Automotive columns. And ONLY classified ads can create the heartfelt gratitude experienced when a lost pet, a valued possession or a treasured keepsake is returned through the Lost and Found columns. All this and much more can become an accomplished fact in your life too . . . dial BR 3-8611 for a helpful ad-taker.

★

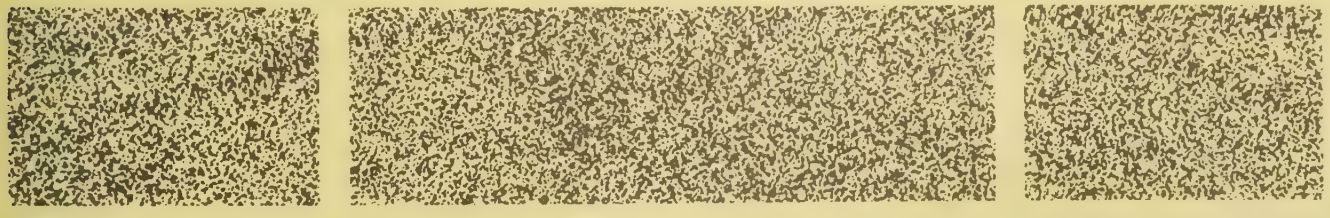
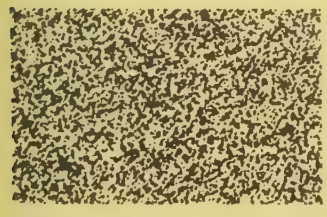
Do your employers furnish you with the latest edition of the City Directory?

★



You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

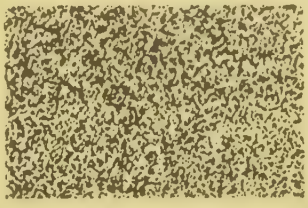


The Beauty of...

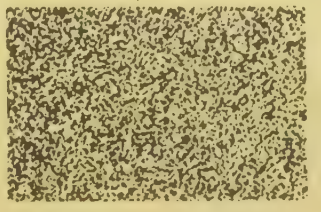
BOREN BRICK

CRAFTED WITH PRIDE . . . FIRED WITH BEAUTY!

Specify Boren Brick for your building needs. You can rely on Boren experience and craftsmanship to provide the distinctive difference *only* Boren Brick can offer. Boren offers you the widest selection of textures in warm, friendly colors — a huge array of sizes and practical shapes — new beauty in brick technology.



Whatever your building requirements — face brick, new utility brick, custom blends, solite concrete blocks — specify Boren. The beauty shows!



Divisions: Kendrick Brick, Charlotte, N. C.
Broad River Brick, Gaffney, S. C.
Rockingham Block, Spray, N. C.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS! . . . . .

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Mr. 4%

NOW . . . . . PAYING 4½%

■ Jefferson Standard, since organization in 1907, has never paid less than 4% interest on dividend accumulations and policy proceeds left on deposit with the company to provide income. ■ For more than 27 years Jefferson Standard has led all other major United States life insurance companies in the rate of earnings on mean invested assets. ■ "Mr. 4%", so well known throughout the life insurance business, *proudly announces he is now paying 4½%**. ■ Jefferson Standard policyholders and beneficiaries will now receive *additional* benefits through larger income checks and on dividend accumulations. ■ Mr. 4% himself, the man who represents the Jefferson Standard, will receive *extra* benefits because of this new sales advantage. ■ Jefferson Standard continues its leadership by paying 4½% which is the highest rate of interest paid by any major United States company on dividend accumulations and on policy proceeds. ■ We will continue to call him "Mr. 4%", *but he is now paying 4½%!*

**3% guaranteed on policies currently issued*

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS! . . . . .

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Out of Sight!
Out of Mind!
Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

▼

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

Specializing in Speech Therapy & in Remedial & Advanced Reading

Read below what Students got from our READING DYNAMICS Course:

Ability to "shift" reading speed with confidence that I am not "missing" anything that I really need to know. Ability to get the sense of material at extremely rapid rate and to return for closer review of material I am most interested in.
Carroll McGaughey, Charlotte, N. C.

My business reading has heretofore been a burdensome chore, now it is a pleasure and I have time to enjoy reading for recreation.
George L. Wrenn, Charlotte, N. C.

The ability to break away from old habits of striving for immediate 100% comprehension. Speed has increased 6-7 times with amazingly good comprehension.
Doug Mayes, Charlotte, N. C.

I feel that I have gained more from this course in speed reading than any other thing I have attempted to do to help my knowledge in reading or in any other phase of learning.
Janice Goodman, Rockingham, N. C.

I have learned a skill which I can use at will from now on, also I have learned some reading techniques which will be of much value to me in the future. Most of all, the pleasure I derived from the classes meant much to me.
Mrs. Peggy N. Leak, Rockingham, N. C.

I have developed a great deal of confidence in my reading ability. I needed the ability to read rapidly in my school work, and although my grades in this course may not show it, I have improved much more than I expected. I find myself reading with comprehension as much as 4000 words per minute in some materials.
Edward S. White, Greensboro, N. C.

My reading speed increased four to five times over my original rate.
John Bonner, Greensboro, N. C.

The main benefit was the increase in speed and comprehension. I notice that it was a valuable aid when I took the CEEB Scholastic Aptitude Test. All it takes is the desire to want to read faster.
Bill Smith, Rockingham, N. C.

I consider this an excellent course and as in other things you get out of it just what you put into it. I wish every high school student could take this course.
Dr. Z. F. Long, Rockingham, N. C.

The ability to read light material with a speed that greatly reduces time previously necessary, thus giving me more time for deeper reading. Comprehension and speed increased at least four times over initial lesson. If this course was made available for high school students, I am sure 80% would be much better prepared for college.
Dr. David A. McLean, St. Andrews College, Laurinburg, N. C.

My speed increased to an almost satisfactory degree. I wish I had been able to read 3000 words per minute. I think the ability to preview has been most beneficial. My ability to comprehend has also improved. All in all the ability to read more in a smaller amount of time has been my biggest benefit.
J. R. Reitzel, Chapel Hill, N. C.

I learned how to concentrate and push through literature seeking out important material.
Marvin House, Chapel Hill, N. C.

The ability to preview a book in preparation for reading is a great benefit. The increased reading speed with greater comprehension is most rewarding. I enjoyed the course a hundred dollars worth. The course has given me a new zest in reading.
Rev. R. H. Mangham, Greensboro, N. C.

I believe that this course is the most useful course I shall ever take. It has showed me that you don't have to read slowly to comprehend.
David Wells
Laurinburg, N. C.

When I started taking this course, I did not like to read at all. Now I am reading books I like and getting to know more. I find I received the ability to like to read.
James Spencer, McCall, S. C.

I have read more books in this 10 weeks than I have in many years before.
Ralph Gandy, Jr., Rockingham, N. C.

Confidence in ability to read large amount of material in reasonable time with improved comprehension. As a student this will be a technique I shall always be able to depend on when the going gets rough.
W. H. Weatherspoon,
Durham, N. C.

The course presented an excellent method for organized study. An invaluable approach to retaining and/or reviewing through the Gist sheets. They really do make one organize thought, something I very much wanted to improve. Would be a very valuable course for a college student to have. Here's an idea for improvement stress the fact that it is not a so-called "miracle" course, that it primarily teaches a method or skill — success depending upon the amount of individual effort.
Mrs. Gretchen Williams
Greensboro, N. C.

Other than increasing speed, I learned to preview books which has already saved me a great deal of time, and to get the main ideas from any material without reading all of it.
Pete Moffitt, High Point, N. C.

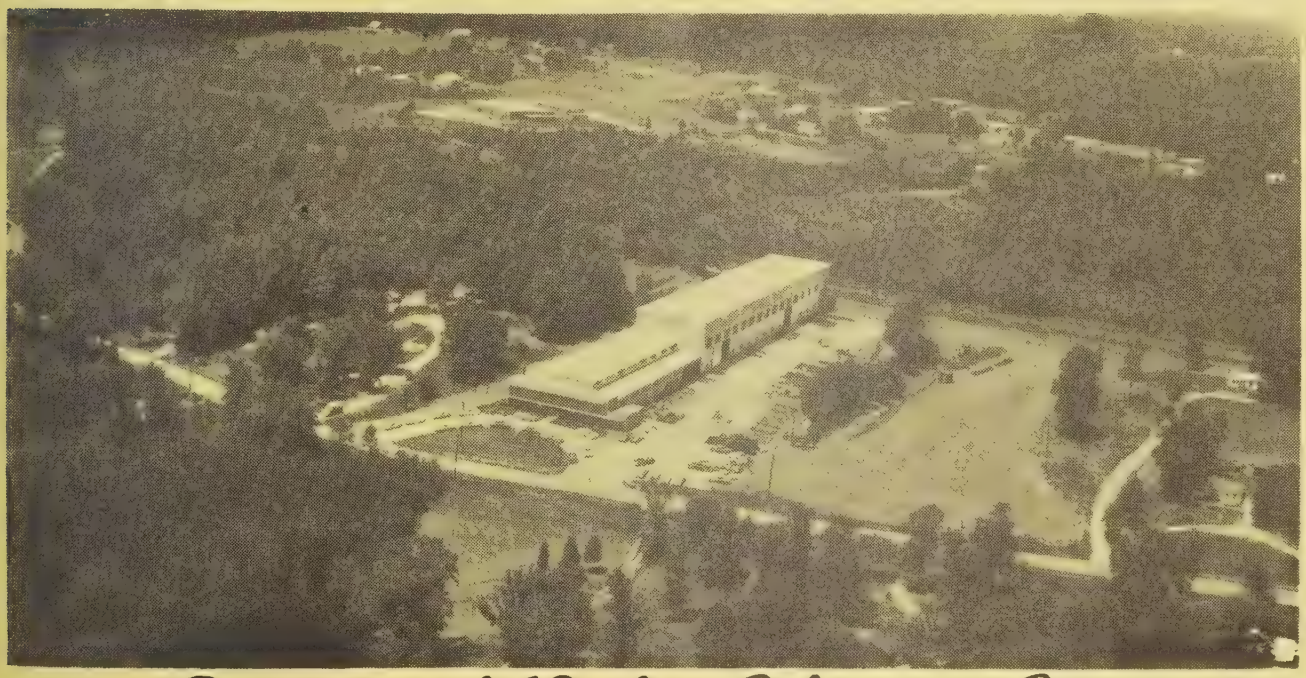
Do your employers furnish you with the latest edition of the City Directory



?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."
